# KORRIS SERIES

## Product Features

The lamp body exhibits a minimalist and sophisticated design, offering a range of color options that enhance the aesthetic appeal of office environments

The lamp body can be effortlessly assembled into diverse configurations using its four modules, providing adaptable functionality across various spatial settings

Installation is user-friendly, as the lamp body can be seamlessly connected, enabling the chandelier to be effortlessly mounted and the light to be activated

The lamp is available in both lamp cup and floodlight variants, offering versatile lighting options to suit different preferences and requirements

## Applicable Scene

Suitable for office buildings, offices, commercial spaces and other environments

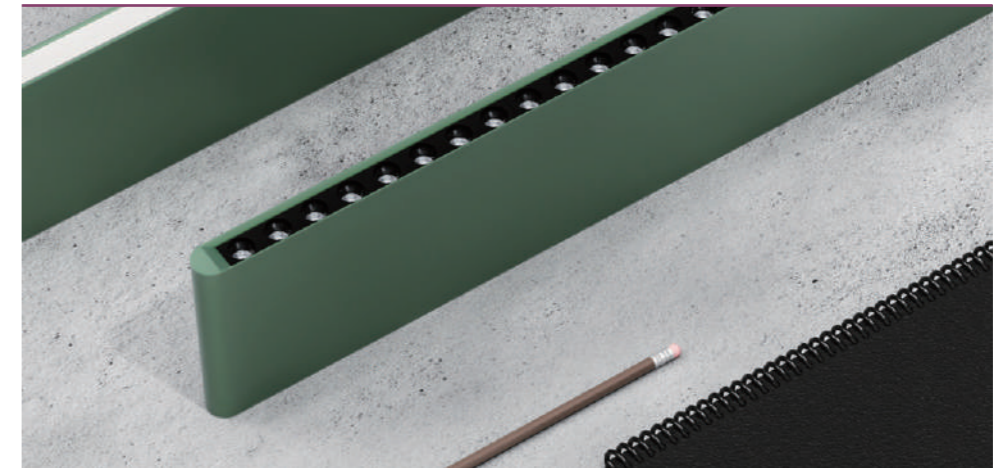

## Main Body Color (Customizable on Request)

## Optical Components

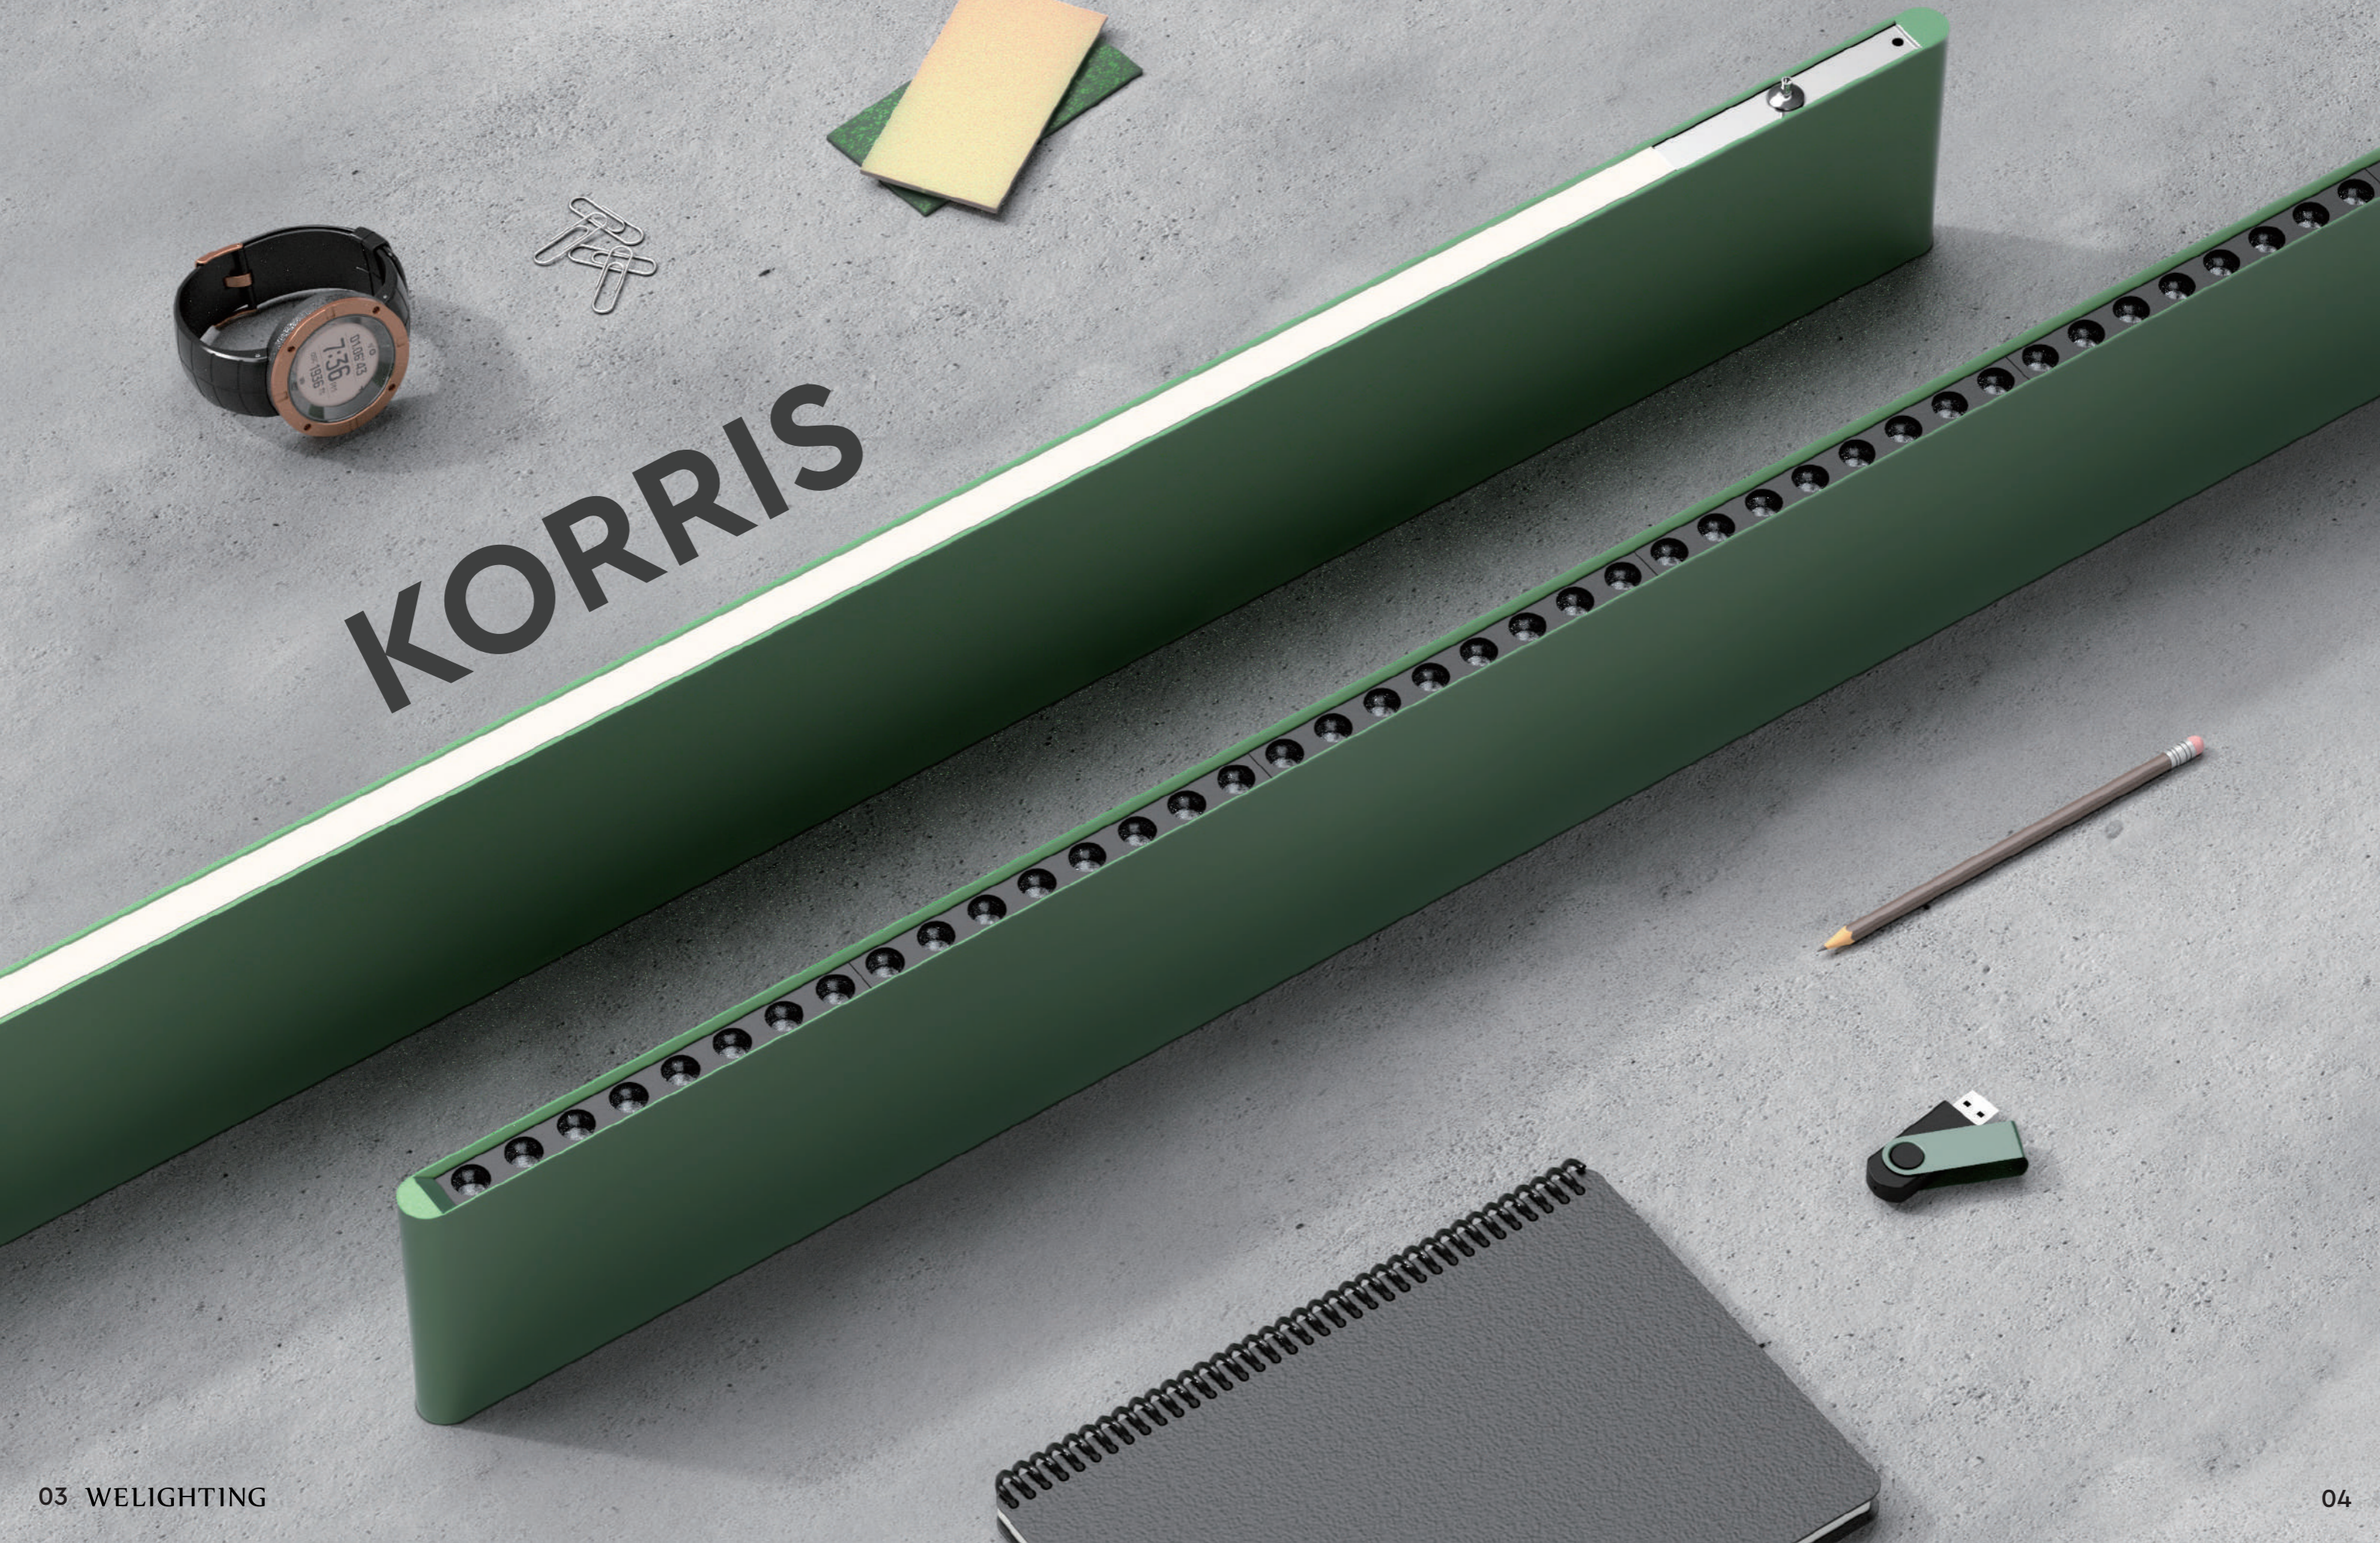

## Korris

KORRIS

**Light Cup**  
Deep Cup Anti-Glare

**Prism Anti-glare Diffuser**  
Eye Protection

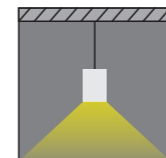

**Glow Up and Down**

The integration of upper and lower lighting elements generates a three-dimensional lighting environment: the lower lights effectively illuminate the entire office space, while the upper lights provide additional brightness to the ceiling, resulting in a heightened sense of illumination and fostering a more comfortable and relaxed atmosphere. This lighting solution is particularly well-suited for application in refined office settings.

**Interior Lighting**

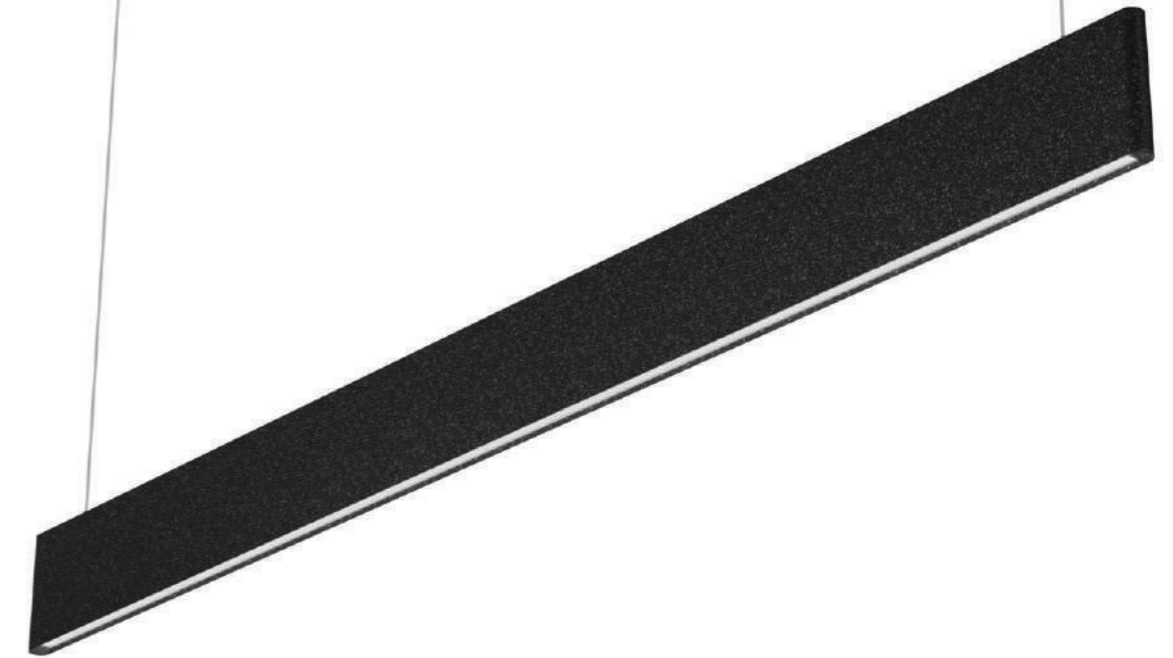

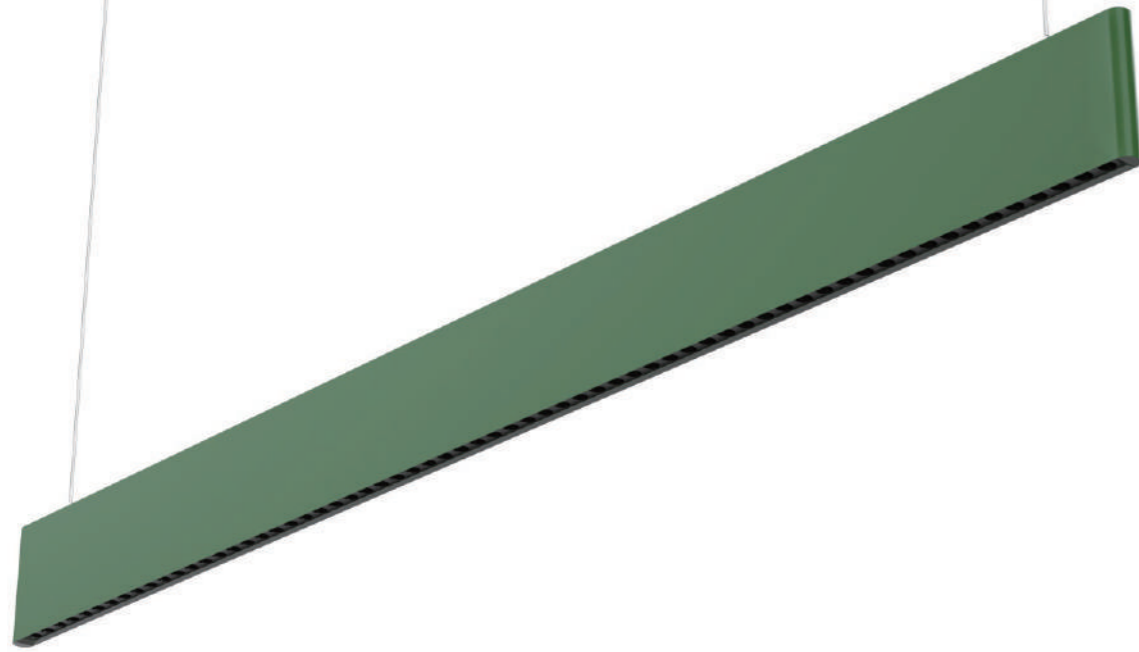

**Ceiling Mounted**

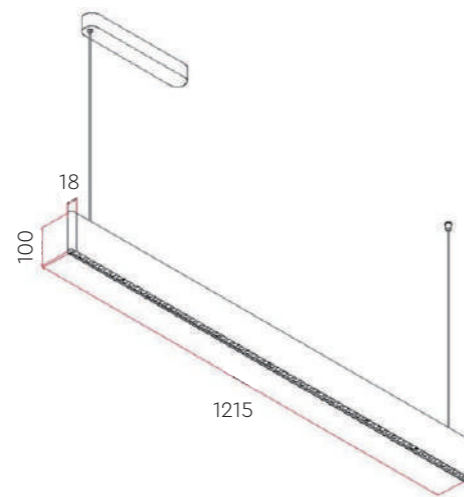

**Color Temperature**

**Korris - with Light Cups**

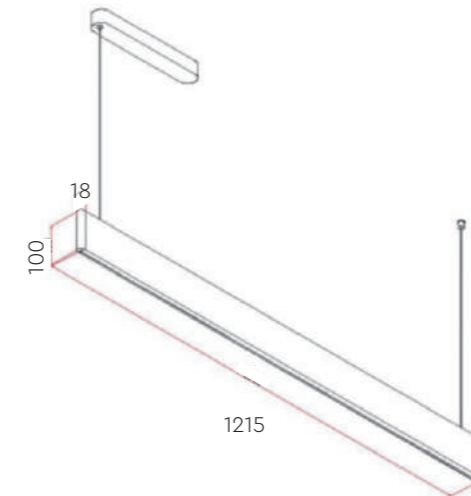

**Standard Parameter**

- Dimension (L x W x H):** 1215 x 18 x 100mm
- Color:** Various Selection (Can be very upon request)
- Power:** Uplight 15W + Downlight 30W (Can be very upon request)
- Lumen Output:** Uplight 100lm/W + Downlight 105lm/W
- Color Temperature (CCT):** 3000K/ 4000K/ 5000K
- CRI:** Ra 90+
- Dimming Option:** 1-10V/ DALI/ Non-dim
- Beam Angle:** Uplight 100° + Downlight 36° (Can be very upon request)

**Korris - with Prism Anti-glare Diffuser**

- Beam Angle:** Uplight 100° + Downlight 36° (Can be very upon request)

# KORRIS ARC

### Luminous Splicing

The installation process is straightforward and convenient. The lamp body can be easily joined together through splicing. Once spliced, the chandelier can be installed, and the light can be activated without the need to consider the internal wiring of the lamp body

### Upward and Downward Illumination

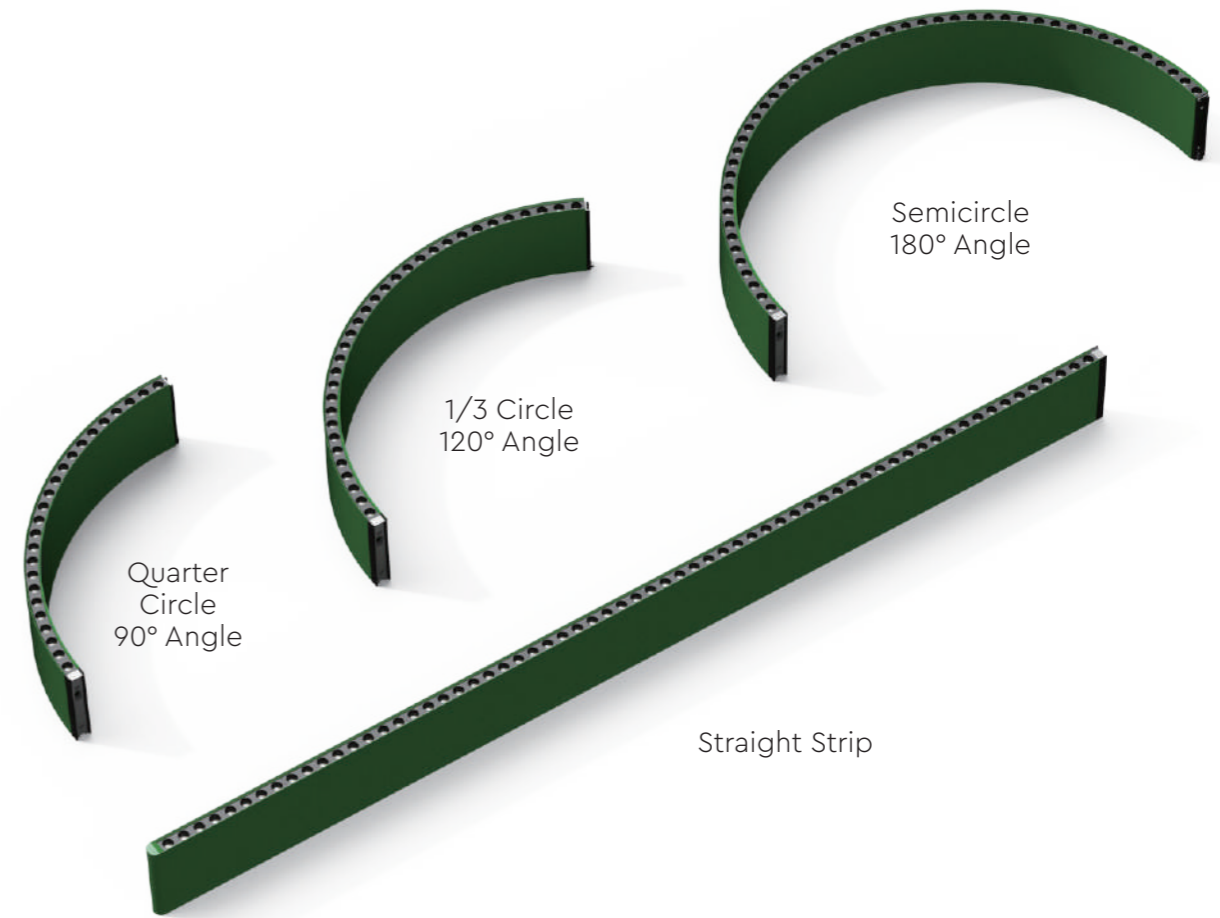

The upper and lower lights collaborate to establish a three-dimensional lighting environment. The lower lights effectively illuminate the entire office area, while the upper lights add brightness to the ceiling, resulting in heightened luminosity. This, in turn, enhances the comfort and relaxation experienced by individuals within the space. Such a lighting solution is well-suited for employment in refined office areas

### Innovative Splicing

The lamp can be creatively assembled into various shapes through splicing, allowing for imaginative combinations. This adaptability makes it suitable for placement in a range of workstation configurations, accommodating diverse spatial scenarios and enriching the office environment.

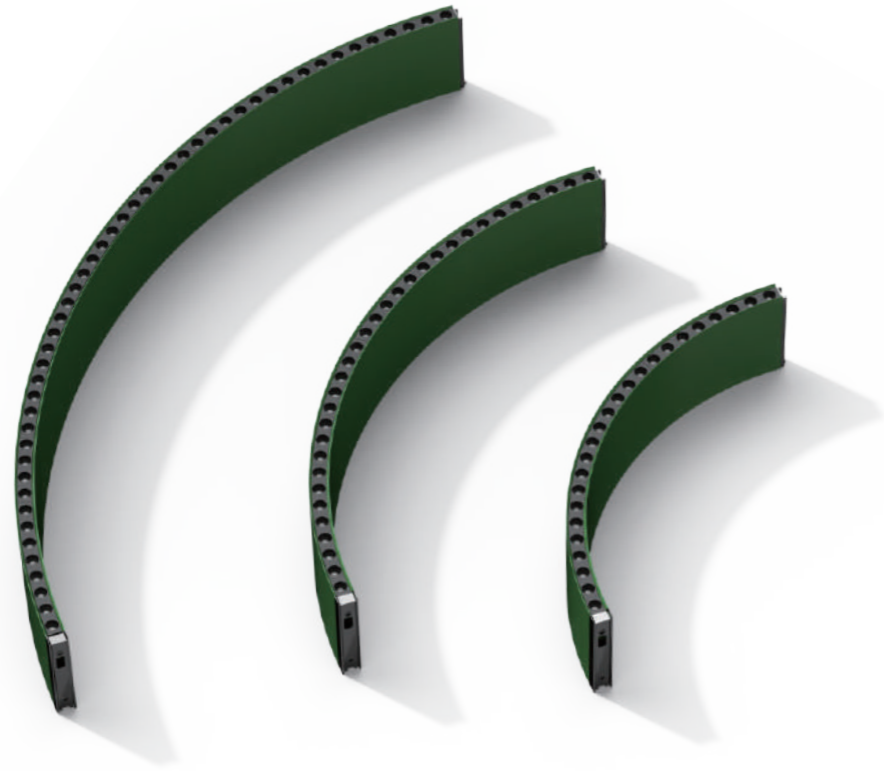

## Product Features

Arc Sizes: Ø600mm, Ø800mm, Ø1200mm

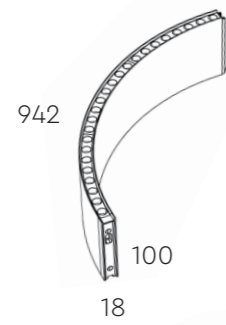

Standard Parameter	
<b>Color:</b>	Various Selection (Can be very upon request)
<b>Lumen Output:</b>	Uplight 80lm/W + Downlight 100lm/W
<b>Color Temperture (CCT):</b>	3000K/ 4000K/ 5000K
<b>CRI:</b>	Ra 90+
<b>Dimming Option:</b>	1-10V/ DALI/ Non-dim

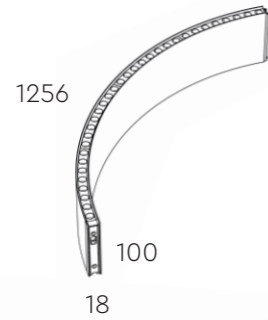

ARC Module - Quarter Circle 90° Angle

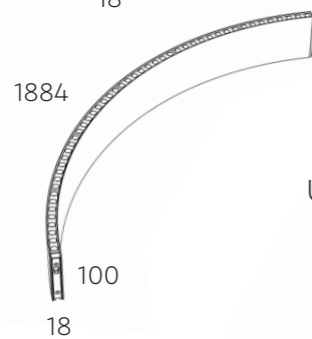

Standard Parameter

**Power:**  
Uplight 12W + Downlight 12W

**Power:**  
Uplight 16W + Downlight 16W

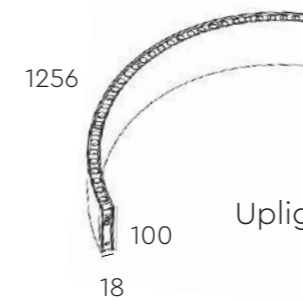

**Power:**  
Uplight 24W + Downlight 24W

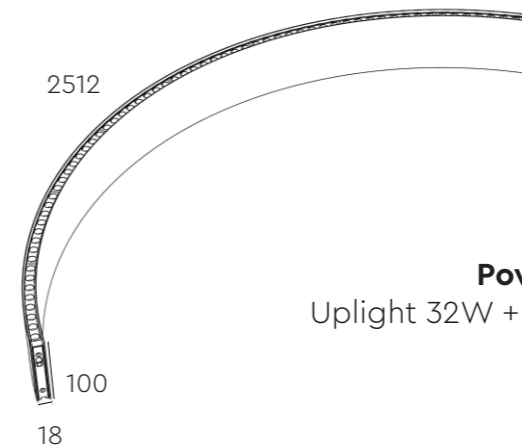

ARC Module - 1/3 Circle 120° Angle

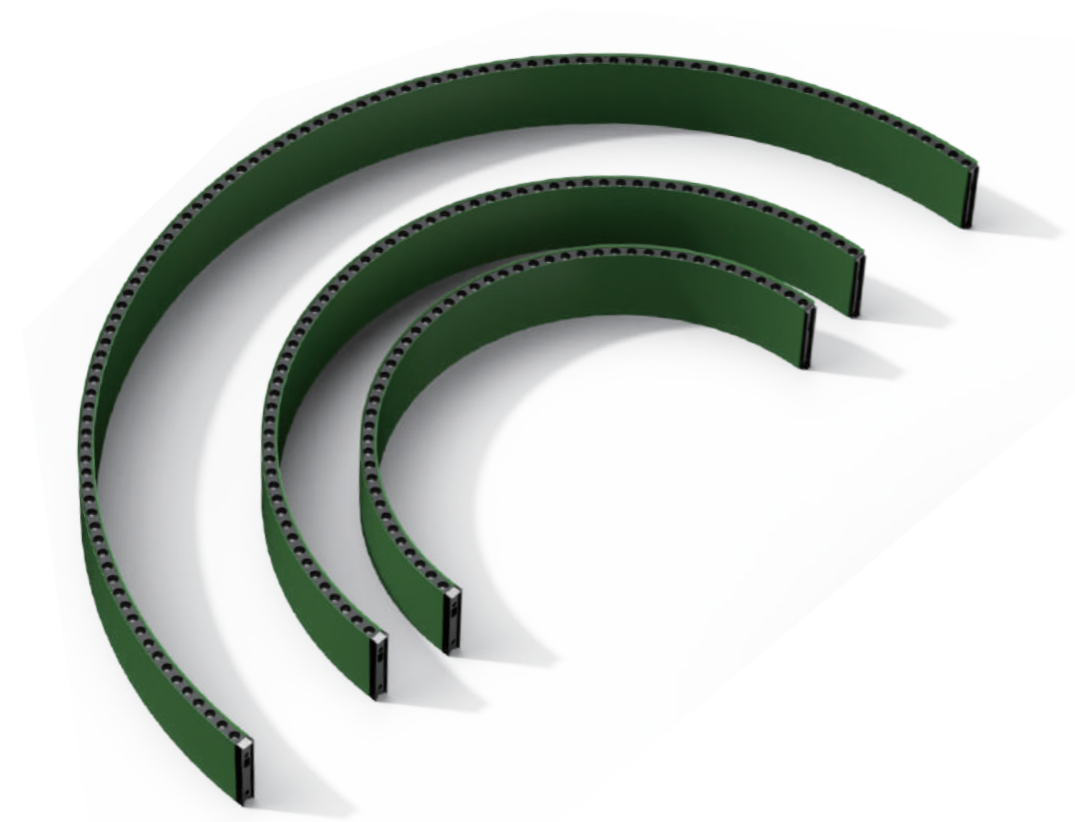

Standard Parameter

**Power:**  
Uplight 16W + Downlight 16W

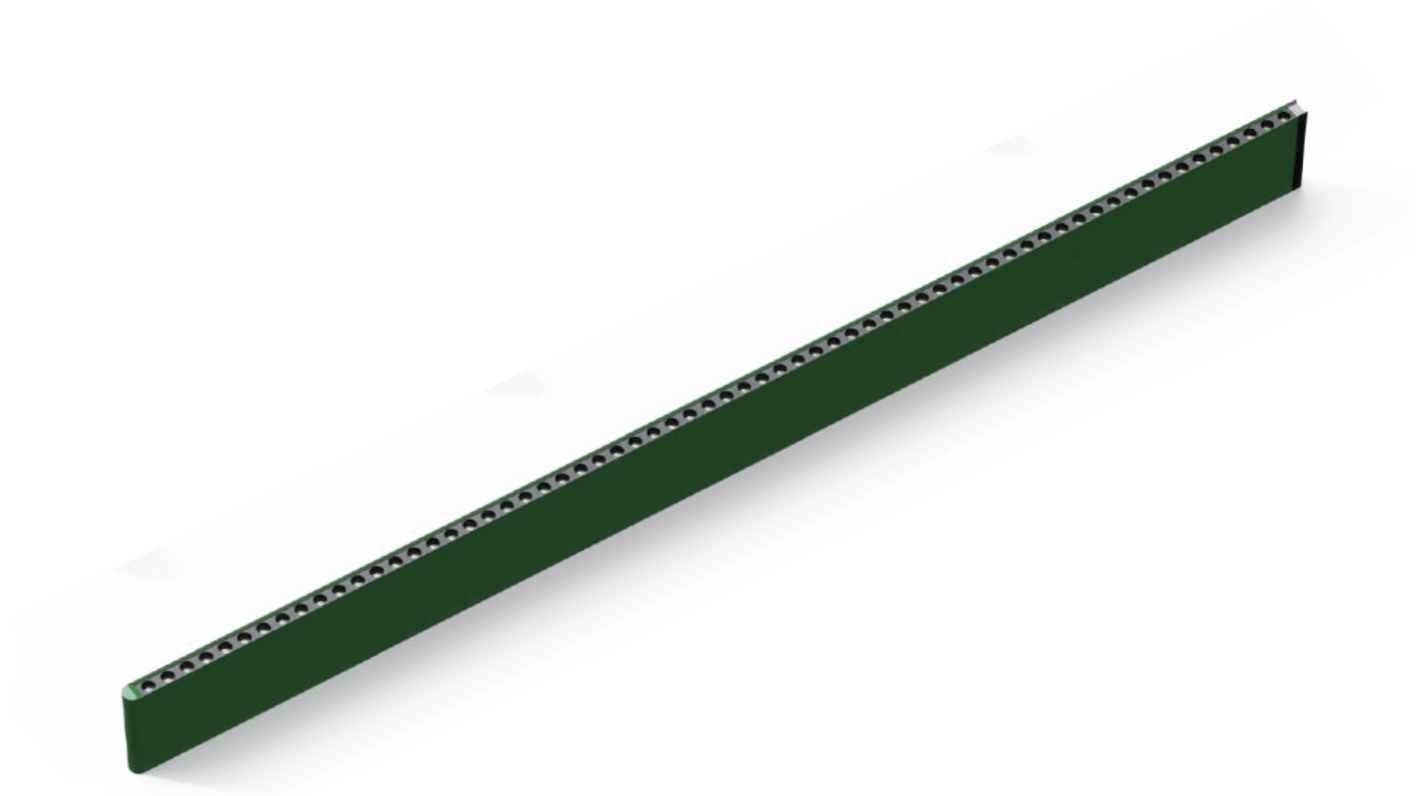

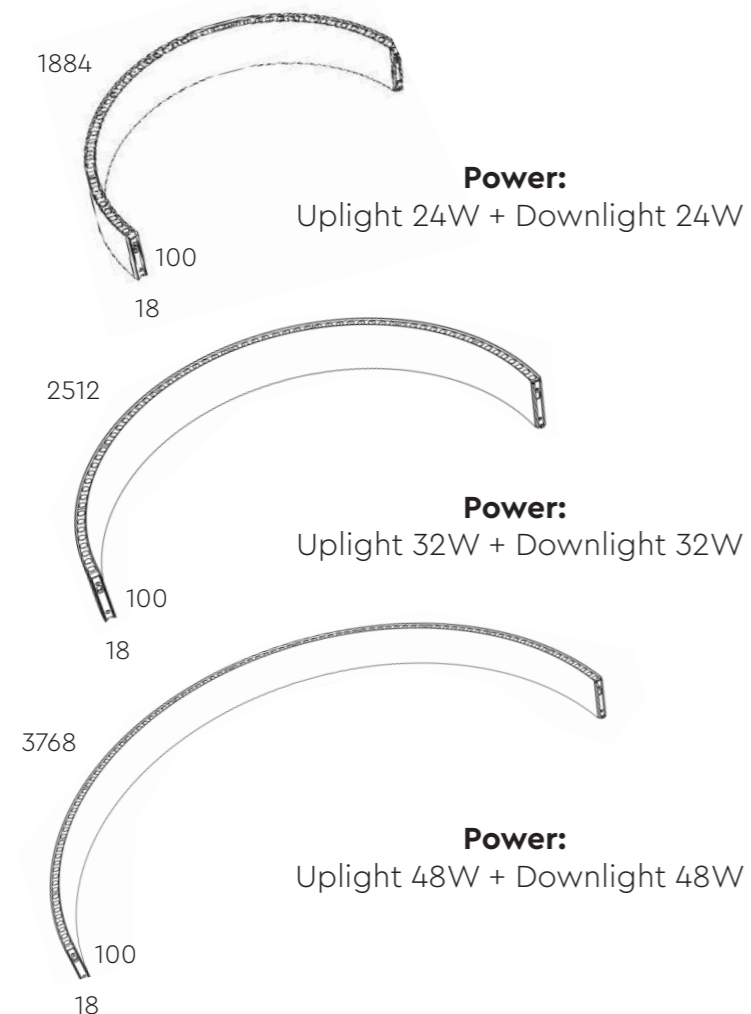

**Power:**  
Uplight 32W + Downlight 32W

**ARC Module - Semicircle 180° Angle**

**Standard Parameter**

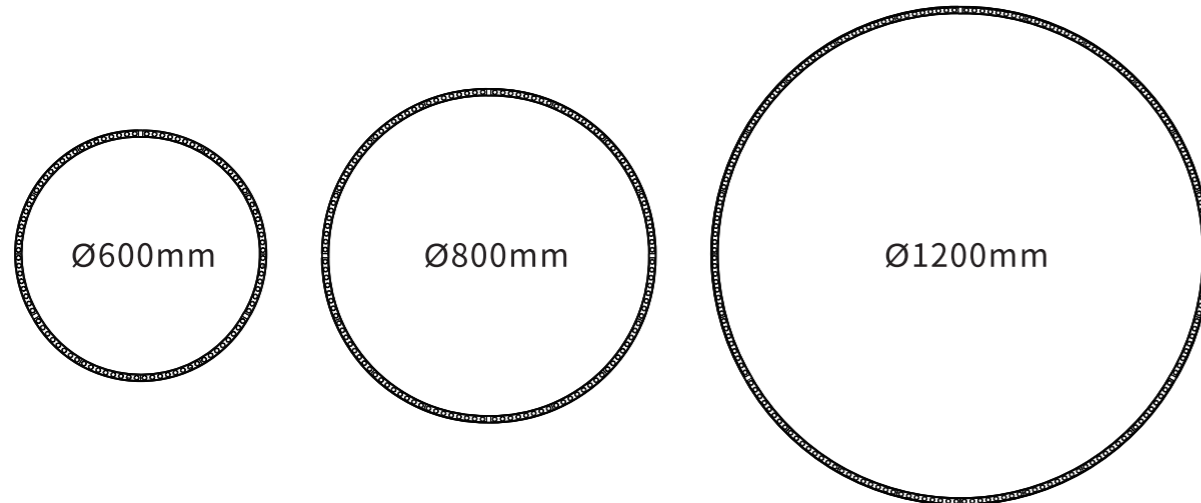

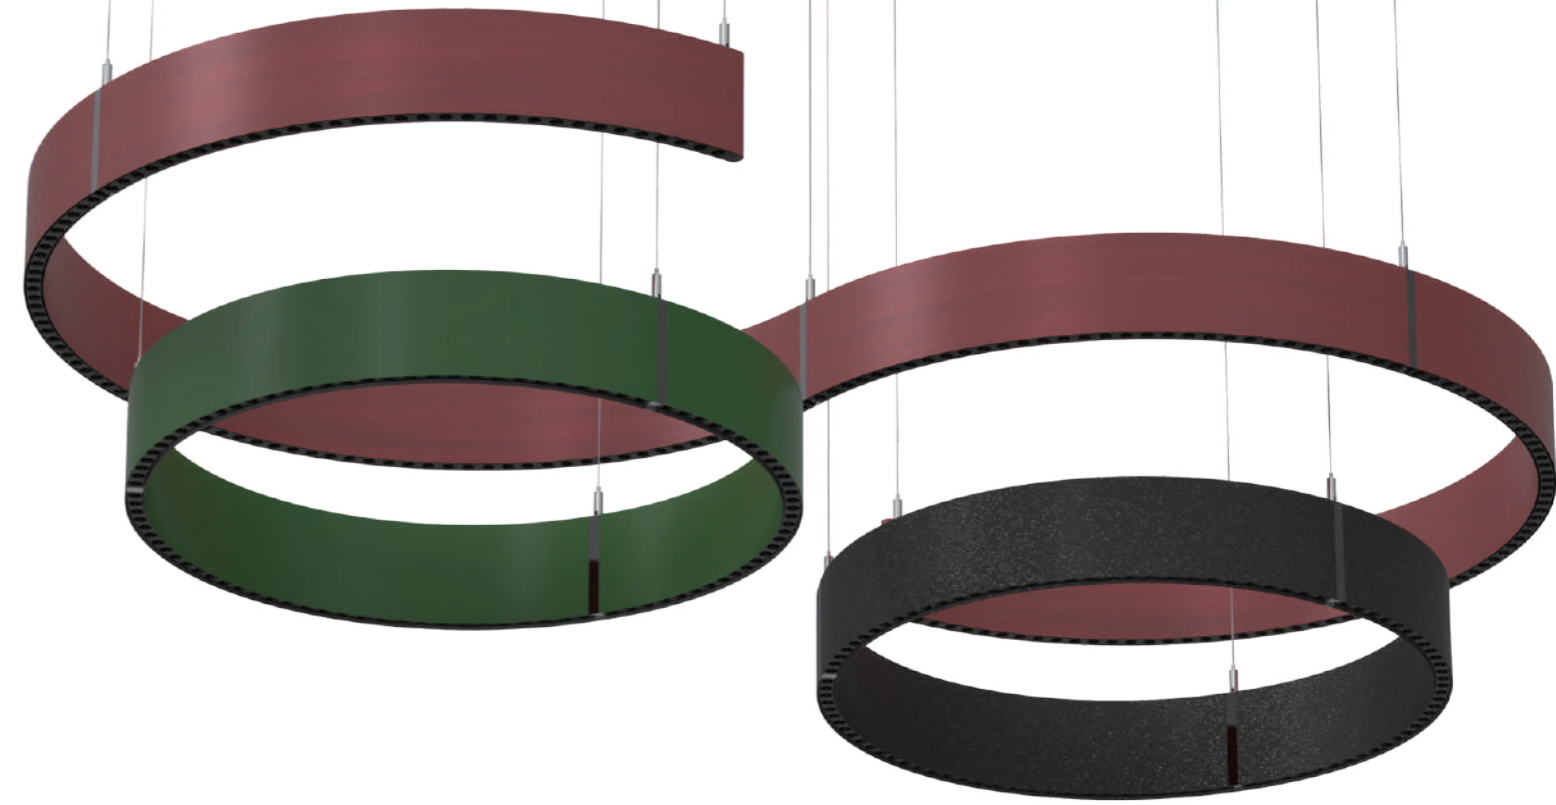

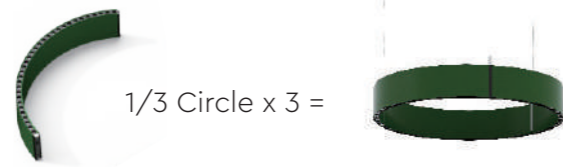

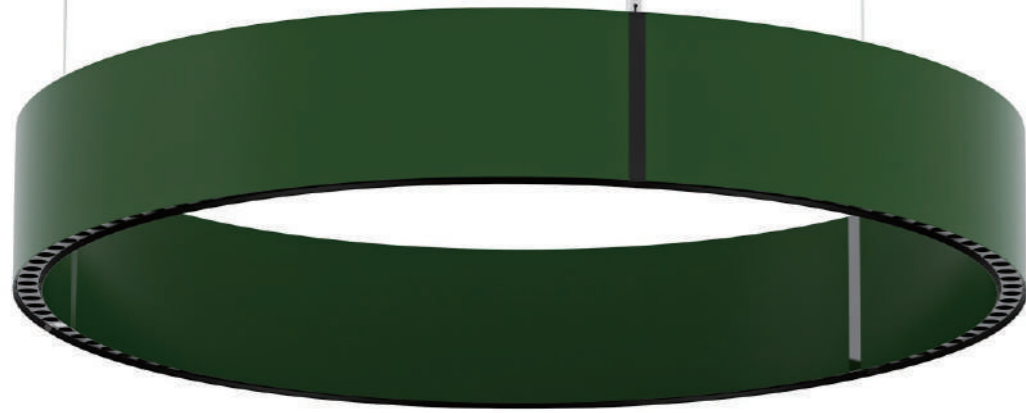

**ARC Module - Straight Strip**
